

HOW TO ASSEMBLE

STEP-BY-STEP INSTRUCTIONS

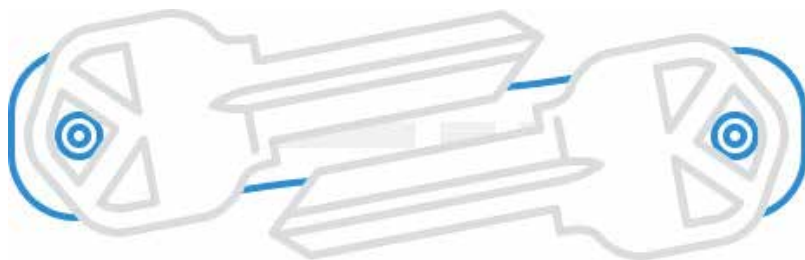

STEP 1

Place the front plate logo-side down, with posts facing up.

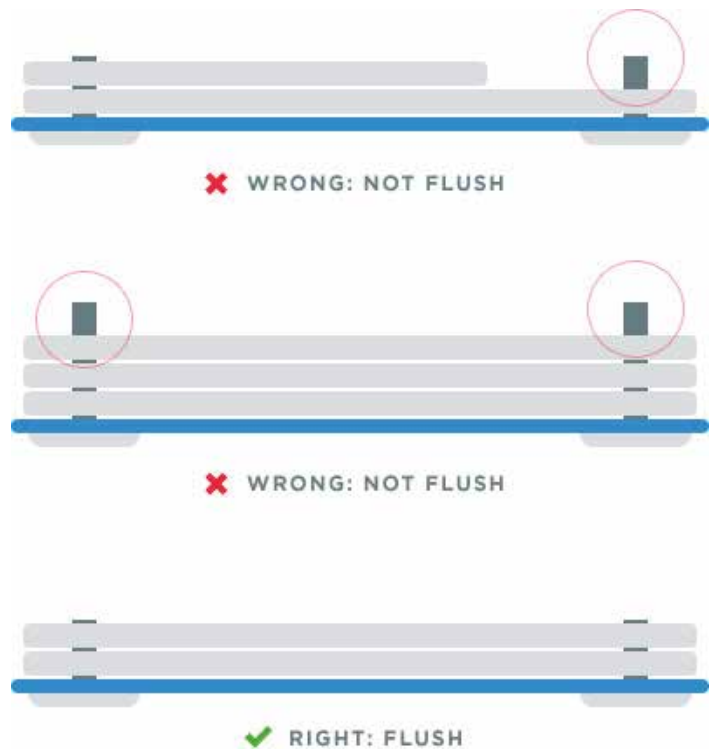

STEP 2

Add keys or other items, making sure keys face inward. (use spacers between keys if desired).

STEP 3

Make sure each side stacks flush with the top of the post (use the spacers if needed)

STEP 4

Add the back plate and secure with screws (do this by hand, or MacGyver that thing with a coin).

STEP 5

Fold your keys into the KeySmart, then grab and go!
