

## Maylong MK-200 Universal Keyboard and Case for 7-Inch Tablets(MK-200)

Maylong MK-200 Carry case with laptop-style keyboard is the perfect accessory for 7-Inch tablets. This protective cover is multi-functional and lets you type just as you would with your laptop / notebook. This case is equipped with a full working keyboard, USB cable, and an extendable stand. Just plug the USB 2.0 cable, attached to the keyboard, right into your tablet and you're all set!

Protect your tablet computer from dust, dirt and scratches with the Maylong keyboard case. Made from polyethylene terephthalate, this keyboard case is strong, thermo stable and shatter resistant. Its 80-button keyboard lets you type comfortably without using the tablets touch screen keypad. You can connect the keyboard to your tablet using the USB cable. The leather keyboard case is designed to be used with 7" tablets.
