

# **2013 Chevrolet Captiva Sport Sport Utility Crossover And Pictures**

## **Benefits of Driving a 2013 Chevrolet Captiva Sport Sport Utility Crossover**

The 2013 Chevrolet Captiva Sport should be a refreshing alternative in an already-crowded compact crossover market. Eco-conscious consumers will enjoy the efficiency of the 2.4L Ecotec engine, while the available V6 has more than enough power to get the Captiva up to speed quickly. Maximum cargo volume is an impressive 56.4 cubic feet and the vehicle can tow up to 3,500 pounds when properly equipped. Plenty of available options make it easy to outfit the Captiva Sport to suit just about any buyer.

## **What's new for 2013?**

The Chevrolet Captiva gets a few new options for 2013. Parking lot fender benders should be reduced with the addition of rear park assist, while heated outside mirrors are now available. The inside mirror also receives attention with an optional auto-dimming function. New 17-inch alloy wheels have been introduced as well as a set of chrome 18-inchers. A couple of new colors have been introduced for 2013 as well: Champagne Silver Metallic and Silver Topaz Metallic.

## **Model Strengths**

- Proven powertrain
- standard safety features
- available all-wheel drive
- attractive compact crossover design

## **Model Review**

The 2013 Chevrolet Captiva Sport is a 5-passenger compact crossover that offers consumers plenty of great features at an attractive price.
